STUDY GUIDE

INGENIUM

ROUND 1 - PREPARED PHYSICS DEBATE

Format: Parliament debate

- A physics-related motion will be announced before the event through the event's official platform/form and their side (opp/prop) will be told too.
- They will then debate the motion in a structured format.

ROUND 2 - MUN-STYLE PHYSICS DEBATE

Format: MUN-inspired scientific debate

- Qualifying teams will be given a new physics/science-related issue at the event.
 - Teams will have limited preparation time to formulate their position.
 - The objective is not only to present arguments but to convince the room that their position is the most reasonable and scientifically sound.
 - At the end, participants/delegates will vote for the position they found most convincing.
-
